

Veteran Owned & Veteran Led Companies

There are over 2.4 million Veteran owned Businesses in the US

One in Ten

Generating Revenues of \$1.2 Trillion and Employing over 5.5 M

At Transact Capital Partners, we believe that our veterans continue to lead impactful lives as civic and business leaders. Their leadership and management skills, hardened in the crucible of the military, are key drivers of success. Veterans are mentally tough and perseverant team players, and creative problem solvers imbued with a heightened sense of ethics and personal accountability.

Transact Capital Partners is committed to supporting veteran business owners throughout the life of their companies, building professional relationships and networks, advising on capital formation, mergers, and acquisitions.
